

# ALL OR NOTHING

*Nothing* comes close to Travall when it comes to fleet accessory solutions:

- **The 'Vehicle specific' advantage**

Travall accessories are NOT universal fit! Instead they are carefully developed and designed to fit each specific vehicle model and production year so that they perform perfectly, and without compromise.

- **Over 1000 vehicles currently covered**

With new models being developed and added to the inventory all the time.

- **Factory Original Quality accessories**

Which equates to superior design, materials, construction, and finish.

- **Super easy and fast installation**

All Travall products are designed to be easy to install and remove - no tools necessary.

- **No vehicle modifications**

No drilling, no bolts, no brackets! Travall products can be removed with absolutely no sign they were ever installed - and most importantly, no damage to the vehicle.

Premium quality accessories

Available for wide range of vehicles

No vehicle modifications required

Perfect fit

# ALL BASES COVERED

Premium accessories designed to protect your business, your vehicles, and their occupants:

- **Reduce costs** related to end of contract damage charges.
- **Reduce exposure** to potential litigation resulting from incidents caused by flying unsecured loads.
- **Maximize trunk space** and segregate loads.
- **Better secure and protect loads.**
- **Improve driver productivity** and morale by providing improved vehicle functionality.
- **Protect your reputation.**

# MAXIMIZE THE SPACE

All Travall products are an easy DIY installation requiring no vehicle modifications. At the end of the lease the vehicle is totally intact - no brackets, no drill holes, no damage.\*

# MAXIMIZE THE POTENTIAL

TRAVALL'S RANGE OF QUALITY UPGRADES WORK EITHER INDIVIDUALLY OR AS A COMPLETE PROGRAM. THEY ARE ALL VEHICLE SPECIFIC FOR A PERFECT FIT. DIY INSTALLATION - WITH NO TOOLS OR VEHICLE MODIFICATIONS REQUIRED. TRAVALL UPGRADES REPRESENT AN INVESTMENT FOR FLEET OPERATIONS, ADDING VALUE.

Reducing non-insurable, administrative, vehicle downtime, and repair or maintenance costs.

Reducing HR related costs - Helping to reduce driver turnover and absenteeism whilst improving recruitment and retention due to the employer better providing and caring for employees and their welfare; and for providing enhanced tools to better allow them to do their jobs.

Reduced insurance costs - Fleet customers should check with their insurers to see if they qualify for a premium reduction, due to reduced liability and risks associated with Travall-equipped vehicles.

## LIMITING END-OF-CONTRACT CHARGES

All Travall products help protect the vehicle against costly end-of-contract charges.

The **Travall Guard** segregates the trunk area, helping to prevent loads from entering (and potentially damaging) the main cabin of the vehicle.

The **Travall Protector** and **SillGuards** both offer superb protection against foot traffic and cargo moving over trunk and door thresholds, preventing the kind of bodywork damage that commonly occurs in fleet vehicles.

**Travall Mats** and **CargoMats** protect against the soiling of vehicle footwells and the trunk's interior.
